

## *Petition to State Senator Patricia Wiggins:*

We, the undersigned, wish to preserve the North Fork in its beautiful free-running state for the benefit of local residents and for anglers, equestrians, hikers, kayakers, rafters, tube floaters, swimmers, and other recreational users. Therefore we petition you, Patricia Wiggins, to sponsor legislation designating the entire North Fork of Cache Creek from one-quarter mile below the Indian Valley Dam to its junction with the existing Wild and Scenic segment of the Creek south of Highway 20 as a State of California Wild and Scenic River. We also request that you include language guaranteeing that the bill will not preclude any means of response whatsoever to either an impending or an actual emergency situation such as a landslide in the Cache Creek channel.
